

Amir Hossein Baghestani

UI/UX Designer

About Me

As a UI/UX Designer, my passion lies in crafting user-centered interfaces that captivate and engage. When I'm not immersed in the world of design, you'll often find me brainstorming innovative design concepts, driven by the ever-evolving possibilities of digital creativity.

My Experiences & Works

Hamyar System

Aug 2022 - Present

UI/UX Designer

- Collaborated with cross-functional teams to create visually appealing and user-friendly interfaces for web and mobile applications.
- Translated design concepts and wireframes into high-fidelity mockups using industry-standard design tool Figma.
- Worked closely with developers to ensure seamless implementation of designs and troubleshoot any UI/UX-related issues.
- Contributed to the development and maintenance of design systems and style guides to ensure consistency across projects.

Clinic Management App

As a UI/UX designer for Hamyar System

Redesigned a clinic appointment management app with a modern interface and added features like private messaging for patients and appointment management for doctors.

- Redesigned the app with a modern and user-friendly interface.
- Added new features to enhance the functionality for both patients and doctors.
- Collaborated closely with the development team to ensure smooth implementation of the design.

Espin Club

As a UI/UX designer for Hamyar System

Redesigned the Espin Club website with a modern, clean look and crafted engaging landing pages. Espin Club offers gymnastics and ballet classes for kids and women

- Redesigned the website with a modern and clean design.
- Responsible for designing landing pages and the entire website.
- Enhanced the user experience to attract more members.

My Certificates

UI/UX Design Beginner to Expert

2022

Udemy.com

- I have completed the comprehensive UI/UX Design Beginner to Expert course on Udemy, which has equipped me with a solid foundation in user interface and user experience design. Through this course, I have gained a deep understanding of the principles and best practices of UI/UX design, including user research, wireframing, prototyping, and visual design.
